shl.uiowa.edu

Date: June 24th, 2024

From: Cynthia Cass, Ph.D., Associate Director Diagnostic and Clinical Division

Effective Date of Change: August 1st, 2024

To: SHL Clients,

Subject: Lyme reporting changes

Recently the Association of Public Health laboratories updated the Suggested Reporting Language, Interpretation and Guidance for Lyme Disease Serologic Test Result document. This document can be accessed on the CDC website at the link below.

<https://www.cdc.gov/lyme/hcp/communication-resources/index.html>

Here at the State Hygienic Laboratory, we perform the Modified Two-Tiered Testing (MTTT). We will continue to use the same testing platform but have updated our reporting to include Interpretation for Laboratories and Interpretation for Providers in our test trailers.

Thank you,

Jaye Boman MT(AMT), MLT(ASCP)
Clinical Lab Supervisor (Diagnostic Micro, Maternal Screening/Serology)
